**AND SCIENCE.**

—“As for science, he  
go to it all your attention  
; go to it with all the  
and with all the time

apart, having regard to  
portion. There was  
about the pursuit of science  
faith in revealed religion.  
and yet more dangerous  
erred in the whole course  
reverse; they shrank  
e, and the further they  
they accumulated, the  
amount of evidence in  
tion. His complaint, his  
that scientific men did  
they lagged and he spent  
detailed for, the reply was  
learned friend of his had  
marked with the great  
work. "We have had  
we were more facile,"  
most many facts, and no-  
he had the wealth of  
of a few people in it  
fearing the progress of  
which, he would spend no  
ure it. He would urge  
vid to that they did not

He wished a thousand  
were engaged in scientific  
men held a monopoly  
speaking with their grade  
... that three ...  
not committed by those  
revealed truth by coun-  
sels has suffered far more  
from its enemies. In  
the degraded farmer and  
through their own Zion. In  
if the Bible could not  
we have proceeded to give  
interpretations which the  
world never justifies. And  
a stiff man had hold of it,  
has overthrown the faith  
and his ridiculing observa-  
tions of Glasgow he would  
his Christianities. There-  
fore, he asked the Scots you  
and your men. You say  
that; send abroad and take  
last confession of them.

And say to him, 'Account  
care about your theories,  
intellect, to the pursuit of  
believed that if I knew or  
came down with such  
g science, they would see  
rears that grand old book  
k upon the top of Mount  
o subiding of the waters  
aturation of life and joy.'
